United States Senate

COMMITTEE ON THE JUDICIARY

December 1, 1953

...
...
...

Dear ...:

This will acknowledge your letter of recent date expressing your opposition to excise taxes on appliances.

Be assured that your comments are appreciated and that I am alert to this problem.

It will receive my most studious attention should a bill to repeal this tax be introduced in, and pass the House of Representatives and be reported out of the Senate Finance Committee to the Senate floor for debate.

With every good wish,

Everett McKinley Dirksen
