COMMITTEE ON THE JUDICIARY

March..., 1954

Dear ...:

The Senate Committee on Post Offices and Civil Service now has under consideration a number of proposals relating to pay increases not only for postal workers but for federal employees as well.

Senator Carlson, chairman of the committee, has advised me that the committee will make a thorough examination of the whole problem and will at the same time evaluate the recommendations made by the Post Office Department and the Bureau of the Budget.

It is too early to tell what recommendations the committee may make, but I assure you that every aspect of the problem will have careful and personal attention.

Sincerely,

Everett McKinley Dirksen
