United States Senate  
COMMITTEE ON THE JUDICIARY

ROBO  
DENTAL RESEARCH  
FEB, 1956

Dear :

On receipt of your communication of recent date, I contacted the House Appropriations Committee and they have advised me that the Appropriation Bill containing funds for dental research is presently being studied and marked up. I was also advised that it will be sometime in March before this Appropriation Bill is reported to the House.

You may be assured that when this bill does reach the Senate Appropriations Committee and also when it reaches the Senate for debate, it will receive my best attention.

I have taken note of your interest in Dental Research Grants.

With every good wish,

Everett McKinley Dirksen
