H.R. 7325
WOMEN IN RESERVES

Dear :

Hearings are now in progress before the House Armed Services Committee on H.R. 7325, which contains a section relating to the matter of allowing women to remain in the active reserves until age 60, or until they complete 20 years of service.

I appreciate your interest and will be mindful of your views when this comes to the Senate after being disposed of by the House of Representatives.

Sincerely,

Everett McKinley Dirksen
