ROBO - H.R. 2485  
American war claims  
August 15, 1960

Dear.....

I have noted your comment with respect to the bill (H. R. 2485) dealing with certain American war claims. The measure is on the agenda of the full Senate Judiciary Committee with a favorable report from the Subcommittee.

It is contemplated that Senate action will be completed before the 86th Congress ~~adjourns~~ adjourns sine die. A great deal of interest has developed in this matter, and you may be sure that it will continue to have my sustained attention.

With every good wish
