United States Senate
Minority Leader

Rebo

H.R. 11318

Dear . . .

I share your hope that we are able to secure favorable action on H.R. 11318, however, it should be pointed out that the Democratic Chairman of the Subcommittee of the Senate Armed Services Committee which is handling this proposal has not as yet scheduled any action on the bill.

I can appreciate your interest and assure you that this will have my best consideration if it is ever reported by the Democratic majority which has the responsibility for moving legislation along through committee and on to the Senate Floor.

Sincerely,

Everett McKinley Dirksen
