Dear ...:

Thank you for your comments regarding H.R. 3556, a bill to provide for humane treatment of animals used in experiment and research by recipients of grants from the United States, and by agencies and instrumentalities of the United States.

This bill is pending before the House Committee on Interstate and Foreign Commerce, however, no action has been scheduled as yet. I appreciate your interest and will be mindful of your views when this has passed the House and comes to the Senate for attention.

Sincerely,

Everett McKinley Dirksen
