Dear ...:

I can appreciate your interest in H.R. 2 and S. 2, companion bills providing tax adjustment for small business.

As you know, the Constitution provides that action on all revenue legislation must be initiated in the House. However, I can assure you of my desire to be as helpful as possible to the small business segment of our economy and thus you can be sure that this will have my best attention when it has been approved by the House and sent to the Senate. I assume you have made your views known to your representative in the House.

Sincerely,

Everett McKinley Dirksen
