ROBO: ANIMAL EXPERIMENT

..., 1963

Dear ...:

I appreciate your interest in legislation relating to the treatment of animals used for medical research purposes and wish to advise that no action is scheduled at the moment.

Although I am no longer a member of the Senate Labor and Public Welfare Committee which is handling this legislation, you can be sure it will have my best attention and I will be mindful of your views if a proposal of this nature is reported to the Senate Floor.

Sincerely,

Everett McKinley Dirksen
