Dear ...:

I appreciate your letter in which you discussed the so-called Planning for Peace resolution, S. Con. Res. 32, which is currently pending before the Senate Foreign Relations Committee. This Committee has conducted hearings on the proposal, however, no further action has been scheduled for immediate future.

You may be certain that this resolution will have my close attention when it is reported to the Senate Floor for consideration, and I will have your interest in mind during the course of our deliberations.

Sincerely,

Everett McKinley Dirksen
