RENTAL EQUIPMENT FOR RURAL MAIL CARRIERS ROBO  
(DATE ALL LETTERS MARCH 16, 1965)

, 1965

Dear :

Up to the present time no legislation has been introduced to carry out the suggestion of rental equipment for rural mail carriers.

I can assure you that the House and Senate Post Office Committees will give considerable attention to such legislation if it is introduced. I also will keep your views in mind should any such measure reach the Senate floor.

I do appreciate your comments.

Sincerely,

Everett McKinley Dirksen
