

FORTAS ROBO
AUGUST 16, 1965 (2 ROLLS)

..., 1965

...

Dear ...:

Frankly, the case against Mr. Fortas, the President's nominee for Associate Justice of the Supreme Court, was extremely weak and inconclusive although the day for the hearing was announced amply in advance and any interested persons could have been heard at length in opposition had they so desired.

The nomination was approved overwhelmingly by the Senate, as you know.

Sincerely,

Everett McKinley Dirksen
