MILITARY MEDICARE

Sept. , 1966

Dear :

I appreciate your deep interest in H.R.14088, the so-called Military Medicare Proposal, and as you know, this passed both Houses of the Congress and is presently being considered in a conference committee.

I have been in touch with my Republican colleagues who are serving on the conference committee and you may be certain this will continue to have good attaaation. Be assured I will have your comments in mind when this measure is brought to the Senate for a final vote.

Sincerely,

Everett McKinley Dirksen
