MINORITY LEADER

United States Senate

INTERSTATE TAXATION-ROBO

June 10, 1968

Dear :

The House of Representatives has passed and sent to the Senate H.R. 2158, relating to interstate taxation. This measure has been referred to the Finance Committee and hearings will begin sometime after July 4th. I think everyone recognizes the necessity for this legislation and the Committee will, I expect, act rather promptly. If you have any material that you would like to send me I could make use of it during the hearings.

Sincerely,

Everett McKinley Dirksen

INTERSTATE TAXATION-ROBO

September 16, 1968

Dear :

The House of Representatives has approved H.R. 2158, a measure relating to interstate taxation. It is now before the Senate Finance Committee, but no hearings have been scheduled by the Chairman. A great deal of controversy has developed over this measure, and the indications are that the Finance Committee will let this measure go over until next year, to see whether or not the problem can be solved by interstate compacts.

I do appreciate having your views on this measure.

Sincerely,

Everett McKinley Dirksen
