MTST            AGNEW DRESSES  
                  July 18, 1969

This will acknowledge your recent communication concerning the comments I made with respect to expenses of the Vice President and his wife.

I might state that I did not consult with Mrs. Agnew when I indicated the possible cost for one of her dresses and she has indicated that she does not spend anywhere near that amount. However, as you know from their official position their expenses would be extraordinary.

I am grateful for your candid remarks.

Sincerely,

Everett McKinley Dirksen
