Dear ...:

I am glad to have your communication and your viewpoint on the recent Supreme Court decision granting individual states the power to tax non-resident corporations.

S. J. Resolution 29 and S. J. Resolution 67 have been introduced proposing a constitutional amendment to meet the problem involved, and hearings have been scheduled for April 15. As a member of the Committee on the Judiciary I shall give very careful attention to this matter.

Sincerely,

Everett McKinley Dirksen
