Dear ...:

There are a number of bills pending before the Ways and Means Committee of the House of Representatives which provide for increasing the earnings limitation for those individuals receiving social security benefits. Some would raise the limit to $1,000, some to $2,400, some to $3,600, and still others would eliminate the limitation altogether.

I am inclined to agree that as living costs increase, this earnings limitation should also be raised and assure you that any proposal of this type which may be presented on the Senate Floor will have my most careful attention and consideration.

Sincerely,

Everett McKinley Dirksen
