GENERAL MOTORS

, 1961

Dear:

Both the Ways and Means Committee of the House of Representatives and a substantial number of members of the Senate Finance Committee are in agreement with respect to the pending remedial legislation for stockholders of DuPont as a result of the Supreme Court affirmance of the lower court decision last year.

I share your hope that action on this measure can be consummated before we adjourn and I have, in fact, been in close touch with Senator Williams of Delaware who offered this measure. It will have good attention.

Sincerely,

Everett McKinley Dirksen
Dear:

The remedial legislation for stockholders of DuPont as a result of the Supreme Court affirmance of the lower court decision last year passed the House on September 19, 1961, and was debated on the Senate floor in the last days of the recent session.

I had hoped that we could complete action on this proposal, however, when it became apparent that some Senators were prepared to engage in delaying tactics an agreement was reached to take up the bill again on January 15, 1962, in the next session.

Be assured this will have good attention.

Sincerely,
