October 26, 1965

Dear ...:

Enclosed is a Senate Special Committee on Aging print on "Health Insurance and Related Provisions of Public Law 89-97, the Social Security Amendments of 1965".

It is this portion of the 1965 Social Security Amendments which has generated the most questions.

Marginal notes summarize the various provisions in lay language.

This document may be helpful to you in answering questions on the recently adopted medicare program and changes in medical aspects of public assistance grants to the States.

Kind personal regards.

Sincerely,

Everett McKinley Dirksen

Enclosure
