AID TO EDUCATION ROBO

1905

Dear:

Thank you for your views regarding H.R. 2363, the education proposal which has already passed the House and is now before the Senate Committee on Labor and Public Welfare.

I am no longer a member of this Committee, however, it is my concern that we preserve the concept of local control over our educational system and it is with this philosophy in mind that I shall approach this matter when the Committee completes its deliberations and reports the bill to the Senate.

Sincerely,

Everett McKinley Dirksen
