Tax Bill
Cut on the Duru Mach 10
April 1, 1966

Dear :

An effort was made to broaden the exemption section of the Tax Bill to exempt from excise taxes all tax-exempt organizations which are publicly supported and to which thirty percent charitable contributions can be made. However, Secretary Fowler, speaking for the Administration, opposed any such effort to grant uniform exemption. One minor modification was made that had to do with hospitals. Aside from that we simply did not have the votes to reverse the Administration's position.

Sincerely,

Everett McKinley Dirksen
