August 12, 1968

Dear Friend:

This will acknowledge your mimeographed letter expressing concern over the transfer of the Headstart Program from the Office of Economic Opportunity to the Office of Education.

The Vocational Education Amendments, which included this transfer, passed the House of Representatives on July 15 and the Senate on July 17. Because the House and Senate differ on some of the provisions, the bill was sent to conference where these differences will be resolved.

Best wishes.

Sincerely,

Everett McKinley Dirksen
