Dear:

The Finance Committee and the Senate were concerned over the effect that the speed up in tax payments for small corporations would have and attempted to provide some relief. Although the measure agreed to did not go as far as I would have liked, it was helpful to some extent. There is a possibility that this will be changed in conference so that more relief will be afforded to the small corporations.

I appreciate having your views on this problem and can certainly understand your concern.

Sincerely,

Everett McKinley Dirksen
